## COLEMAN SCHOOL OPENS MONDAY SEPTEMBER 26

Long Holiday is Over and Teachers Returning to Town—Three Changes in Staff.

If there is one outstanding institution of which every resident of Coleman is justified in being outspokenly proud it is the public school. In these days when the school is recognized as one of the greatest factors in nation building, the exceptional success achieved in this community is well worthy of commendation and imitation. Despite the exceptional mixture of nationalities it could not fail to be a matter of surprise to anyone to find excellent English spoken by practically every child to be met, and this in face of the fact that a majority, perhaps, of the parents speak very little English. As an illustration of the effect of a one language school, Coleman provides evidence that if immigrants are to be assimilated and nationalized good public schools will be the greatest medium in that direction.

Nine teachers are employed and the expense to the ratepayers involved is over \$17,000 a year. In this connection recent legislation authorizes the collection of at least \$4 per year school taxes from every male resident who does not otherwise appear as a taxpayer. This has permitted the school rate to be lowered to 13 mills this year, as against 15 mills in 1917. The work taken up is from Grades I to XII, inclusive, and permits children whose parents reside here to practically finish their education at home.

The staff of teachers for the term opening on Monday, Aug. 26 is as follows:—W. S. Black, B. A., Principal; Miss E. E. Atkinson, Asst. Principal; Miss P. Purdy Grade III; Miss C. Disney Grade V; Miss L. McKenzie, Grade I Sr.; Miss M. B. Stewart Grade I Jr.; Miss Irene Young, Grade IV.; Miss Pearl MacNeill, Miss Wilson;

The pupils passing at the recent departmental examinations were as follows: Grade XI to Grade XII—Fred Antrobus, Mary E. Black (conditionally); Grade IX to Grade X—Luez R. Dunlop, Margaret E. Dunlop, Elsie G. Disney, Jean McB. Reid; Grade VIII to Grade IX—Jane Apponen, Gordon Ross, Luddie Krish.

The Inspector's report, published below, conveys a very satisfactory idea of the high efficiency pervading the whole school and residents of Coleman will undoubtedly appreciate the efforts of the School Board in securing such a competent staff of teachers, a result decidedly hard of achievement in these days:

Jas. Ford, Esq., Sec.-Treas. Coleman School, No. 1216.  
Dear Sir:—Re Staff:

Miss Stewart is a decidedly capable teacher. Her class is handled kindly yet firmly and the general tone of the room is excellent.  
Miss Mackenzie has not been in charge of her room sufficiently long to have her work show to best advantage. I believe that with more time to organize her work she will prove a satisfactory member of your staff.

Miss McPherson is doing very good work. She has a quiet efficient manner and her own work is noticeably neat and accurate.

Mrs. Sweet has ability as a teacher and a good manner with her pupils. She is quick to act on suggestions and I believe will do increasingly good work.

Miss Purdy is a capable and thorough teacher. She maintains good order and the pupils attitude towards their work is good.

Miss Martins work is effective. Her manner is alert and her methods are excellent.

With greater experience in organizing her work, Miss Disney's effectiveness will increase. She is doing good work now and is striving to do better.

Miss Atkinson is a strong capable teacher. She works both herself and her class hard and follows the course of studies carefully. Her grade VII class ranks with best I have inspected.

Mr. Black shows good ability as a teacher. His own class work is good, I think he should devote more attention to the general handling of the school and matters of discipline of its importance.

Taken as a whole, you have a strong capable staff on which I congratulate you. Your Obedient Servant, A. E. TORRIE.

In addition the report commended the janitor's work as the best that came under his (the Inspector's) observation in his district, a compliment of immense importance to those having children in the school.

The trustees are Alex. Cameron, chairman of the board, W. H. Hayson, Wm. Fraser, J. O. C. McDonald and Edward Miller. Jas. Ford is Sec.-Treas.

Naturally, the best efforts of the trustees would be fruitless if the staff of teachers was incompetent, and it is in this connection that their services to the public are most in evidence. In securing the services of Principal Black and his assistants the trustees have proven the extreme care and intelligent supervision with which the in-

Interests of the ratepayers have been guarded.

Money wisely spent in providing educational advantages for the rising generation is the most thoroughly justified of any part of our municipal expenditures, and will do more for the Coleman of the present and the future than anything else that has been or may be undertaken. The location of families here is an essential of any real progress, and in providing first-class educational privileges the school Board has offered the greatest possible incentive in that direction.

Educational privileges are expensive, like many other desirable things, but there is every reason to assert that, Coleman School more than justifies the money expended on it. In this respect, at least, we are in the front rank.

## Editorial Comment

### CROP CONDITIONS

There is a general tendency to consider that the late rains have saved the crop situation more largely than was at first anticipated. Not only were late feed crops saved but many wheat fields given up as lost entirely are now being cut with a promised yield of from five to ten bushels per acre. The demand for harvest help is also coming from points where the crop was considered practically a total failure. Of course, at the best the crop will be very small, but a small yield distributed over the country will greatly alleviate the distress a total failure might have produced.

### RUSSIA MAY COEE BACK

Russia is still continues to be one of the interesting points in a review of war events. The Czech-Slovaks seem to be making progress, although they are claimed to be short of munitions and supplies. The Don Cossacks are also maintaining an advantage over their Bolshevik opponents, while the allied forces on the Murman Coast are advancing into northern Russia. These widely scattered movements together with the disaffection of the mass of the Russian people with the traitorous administration of Lenin and Trotsky, it is hoped may result finally in the re-unification of the Russians against Germany, which would be a big factor in the winning of the war.

### SHOULD BE NEARER EQUAL

Premier Stewart enthused a Lethbridge audience on Tuesday with a description of things in England, and France as he found them on his recent visit. Among other things he has arrived at the opinion that there should be more equality between the status of a man who risks his life every day in the fighting lines and those in civil life. There are many people with whom this view is growing stronger every day.

This has been in effect a merry-go-round week for Coleman. With a circus at home and the Chautauqua at Blairmore, life has been one continuous round of pleasure for old and young alike.

### WOULD HELP

It is a doubtful matter as to just how far the Trades and Labor Council (Montreal) represent public opinion in that city in regard to compulsory education and national schools, but any extensive growth of the sentiments expressed by that body in the province of Quebec would provide a solution of the knottiest problem that confronts educationalists in Canada.

### Where is the End

OF IT ALL?

(Lethbridge Herald).

It may be all very well to say that price-fixing of the commodities of life is an impossible task, but when one is confronted every three or four months with a statement from the director of coal operations of this district that the wages of all coal miners must be raised 20 or 25 cents per day the need of price fixing in order to arrive at a basis for wages is at once apparent. The increase granted to the miners under the plan of increasing the daily wage according to the increase in the price of commodities, has amounted

to 79 cents a day since the last agreement was signed. This is over \$20 per month. Other trades have a right to expect a similar increase. And the end is not yet. For the price of coal goes up, and the railways then start talking about the increased fuel cost. Then comes an increase in the freight rates, and immediately an increase in the price of foodstuffs follows. And automatically that raises the cost of living of the miners and they get another wage increase.

We do not blame the miners for getting an increase in wages to meet the jumping cost of living. But it can be seen that as long as the present plan, or lack of it, obtains, increases are bound to come. Where is it going to end? And what is going to happen to the structure after the war?

Probably price fixing in the case of life's necessities would create a situation that would be hard to handle. But we do not see that it could be much worse than the haphazard plan under which we are now operating. And we would have the knowledge that legitimate profits could be measured. Under the present plan petty profiteering is rampant.

### Locomotive Engineer

Ordered to Report.

A test case which will have an important bearing on the military status of 4,500 Canadian firemen, locomotive engineers and trainmen has been decided by Mr. Justice Duff at Ottawa, when Arthur Moorehouse, the oldest locomotive engineer in the service of the Canadian Government railway was ordered to report for service.

### Socialist Committee

Issues a Manifesto.

(Spokane Spokesman-Review).

Are there no bounds to the folly of what remains of the socialist party organization in the country? After all the abounding proofs that Lenin and Trotsky betrayed Russia to the ruthless German invaders, and that the Bolsheviks are as incapable as the

inmates of an insane asylum of governing that miserable country, the socialist executive committee issues a manifesto from Chicago calling on "workers of the world" to aid in the "Russian struggle for freedom," denouncing the allies' support of the heroic Czech-Slovaks and calling on the United States government to recognize the tottering soviet or bolshevik government.

The Russian struggle for freedom—what is it? Russia has lost its freedom to the German invaders. Russian freedom vanished when Lenin and Trotsky disbanded the Russian armies wrecked the Russian navy and signed a treacherous peace treaty at Brest-Litovsk that opened Russia's gates to a cruel enemy that had slain millions of Russian soldiers.

These foolish socialist resolutions will have about the weight with the American people that would attach to resolutions emanating from the inmates of the hospital for the insane at Medical Lake.

### Crop Situation Has Redeeming Features.

(Calgary Herald).

In spite of drought, frost, and hail, there are indications that Alberta farmers and stockmen will come through the 1918 season, on the whole, very satisfactorily. Reports from the north indicate much better conditions than were estimated a month ago, and in the south, with late rains, there has been a considerable improvement in crop conditions. The rains also have given the prairie grass a new lease of life, and fresh growth will go a long way to ease the burden of the stockmen. Alberta has had worse years, and at a time when the farmers were not so well situated to meet them.

### Exit Luxuries

Announcement of the new British war tax on so-called luxuries of the people, following similar tax impositions in the United States, must cause Canadians to feel that thus far they do not know what real war taxation is. In the British list of taxable goods it is difficult to think of anything that is not taxed. Even meals in hotels and restaurants are on the list with clothing, books, sporting goods, musical instruments and a host of other things not commonly regarded as luxuries.

It is evident the purpose of the proposed taxation is two-fold. Not only will it result in a considerable revenue to the government, which will be worth while, but it will bring the Canadian ways of living, which under war conditions is something even more to be desired. During war time the term "luxury" means anything which can be done without. Regarded in that light and having consideration only for physical and mental well-being, it must be clear to an average mind that we are still a long distance away from a simple life regime. Luxury taxation will get us there more quickly.

And come to think, is there any good reason why we should be permitted to live any more generously than the people of France, or Belgium, our noble allies in the great conflict? Long since these people ceased to know the meaning of luxury in their living. For years now they have been sacrificing everything they had ever known of comfort and all for the sake of the great cause. Should we object if we are asked to come somewhere near their measure of sacrifice?—Calgary Herald.

time.

In the test divorce case, Board  
vs. Board final leave to appeal  
to the privy council has been  
granted by the supreme court  
of Alberta to Mary Board the  
respondent.

F. Barrington made a trip to  
Lethbridge on Sunday, return-  
ing on Monday accompanied by  
his son, Oliver, and Mrs. John  
Nash and family, who had been  
visiting in Lethbridge and vi-  
cinity.

Persons who want to avoid  
the Spanish influenza, or the  
common variety of the same  
disease were warned by the New  
York health department not to  
kiss "except through a handker-  
chief."

MESSRS. A. M. Morrison and  
Paul Baron returned from a  
trip to Calgary on Monday  
bringing a five passenger Mc-  
Laughlin for Frank Celli and a  
seven-passenger McLaughlin for  
Mr. Baron, himself.

The Canadian Council of agri-  
culture has recommended that  
the price of wheat for the com-  
ing season be placed at \$2.24  
at Fort William. This would  
make the Fort William and  
Duluth prices correspond.

In Saskatchewan they are  
making a specialty of lemon ex-  
tract jags, several leaths hav-  
ing resulted in consequence. A  
pain killer drunk may not be so  
pleasant, but it would be much  
less harmful, and not so likely  
to be overdone.—Calgary Herald

A constant stream of visitors  
to the Chautauqua at Blairmore  
from Coleman have kept the  
road between the two towns  
busy this week. And many  
appreciative comments on the  
programme put on have been  
heard on all sides.

Special taxes of \$10 a year on  
occupation or profession, except  
the war industry trades, farm-  
ers, teachers and ministers of  
the gospel, were written into  
the \$8,000,000,000 U. S. war re-  
venue bill by the house ways  
and means committee. A simi-  
lar tax was placed on any busi-  
ness with receipts of \$25,000 a  
year or more with a levy of \$25  
a year on wholesale houses with  
receipts of \$200,000 or more.

John Blow, a farmer in pros-  
perous circumstances residing  
at Heathdale, twenty-five miles  
southwest of Youngstown, Alta.,  
was found dead in his bed in  
his shack, on the evening of  
August 13, by a neighbor.

As an additional conservation  
measure the Canada food board  
has ordered that, until further  
notice, manufacturers of canned  
fruits for sale must not use  
more than an average of 25  
pounds of sugar to 100 pounds  
of prepared fruit. The order is  
now effective. It does not apply  
to jams, jellies or marmalade.

United States Government  
requirements for the army are  
expected to call for one-third  
of the output of canned toma-  
toes, twenty-five per cent. of the  
total output of canned peas,  
corn and string beans, about  
sixty per cent. of the salmon  
pack, one-half the output of  
canned cherries and one-half  
that of dried peaches.

The Boucher Shows, which  
have been located here during  
the week have been fully ap-  
preciated, the Ferris wheel and  
merry-go-round having been du-  
ly patronized by old and young.  
The balance of the show pro-  
gramme was nothing to write  
home about, and after certain  
games of chance were eliminat-  
ed, was rather tame for the  
sports of Coleman.

## A Message to the Young Men of Canada

Canada needs Trained Men and Women! Whatever  
be the task confronting the nation, in war or peace,  
Canada is always in peril of failure so long as the young  
people of the country are economically unfitted for their  
tasks.

Never were opportunities so great. Thousands of  
good-paying positions are waiting in every field of en-  
deavor for men and women trained to fill them—in  
offices, stores, shops, factories, mines, railroads, on the  
farms—in all lines of technical, commercial, and agri-  
cultural work.

For over 26 years the International Correspondence  
Schools have been training Canadians. Thousands  
have been helped to bigger careers through the I. C. S.  
plan. 6500 are getting ready right now.

Many of the largest employers in the country are  
interested in the work of the I. C. S. in Canada, and, at  
their request, are being informed regularly concerning  
the progress of I. C. S. students among their employees.

**You can win success with the aid of the I. C. S.**

J. F. Parker, of Winnipeg, climbed from a \$40 a  
month job to a \$6,000 a year income as a Contractor.  
Wm. T. Griffiths advanced from carpenter to Superintendent  
of Construction for Lyall and Sons, Ottawa.

E. H. Monro, Chief Engineer  
of the Dominion Textile  
Company, Windsor, and

### Local and General.

Miss M. B. Stewart returned from Burton City, B. C., on Thursday where she has been spending her holidays.

A Calgary party made a record trip to Vancouver, covering the distance in 43 hours. They went by way of Macleod and Spokane.

More than 100 persons are reported to have been killed at Tylers, Minn., by a tornado which swept over southeastern Minnesota counties Wednesday night.

Mr. and Mrs. J. Davies mourn the loss of their infant son who died on Tuesday. The funeral took place on Wednesday service being held at the family residence, Rev. H. Clay officiating.

The dance in the Opera House on Friday evening last was well attended and a particularly pleasant evening was spent by those present, the music being excellent and the floor in splendid condition.

The funeral of Jos. Klisch, who was accidentally killed in the International mine on Friday, took place on Sunday in charge of the local union, Rev. Father officiating. There was a large turnout, and the Coleman band played the Dead March. The deceased had brothers living in this district and a wife and children in Austria.

All Italians in Canada, liable for military service, must within the next two months, return to Italy to join the Italian army or they will be handed over to the Canadian military authorities and put into the ranks of the Dominion forces. This order will effect many thousands of men, including at least 3,000 in the province of British Columbia.

### MACLEOD PRESBYTERY TO MEET TUESDAY

The Presbytery of Macleod meets in Knox church, Lethbridge, at 2 p. m. on Tuesday, Aug. 27. Rev. D. K. Allan will attend, and will visit Vulcan before returning. He will be accompanied by his son, Graham. Mr. Christie, of Bellevue, will occupy the pulpit of the Institutional church the Sunday the pastor will be absent.

### Commissioner Sowton To Lecture Sept. 4th.

Commissioner Sowton, of the Salvation Army, accompanied by Mrs. Sowton and Brigadier Haye, will be in Coleman on Wednesday, Sept. 4th, when he will deliver a lecture on "Some Lessons From the Great War."

This will provide Colemanites an opportunity to hear the head of the Salvation Army in the west and will undoubtedly be taken general advantage of as the speakers' ability is undoubted.

### ST. ALBAN'S CHURCH

There will be no Service next Sunday as the Incumbent will be spending Sunday in Brockton.

### AN APPRECIATION

The children from the Victoria Home returned on Thursday after a very enjoyable time. Many friends have by numerous kindnesses helped to make their visit such a success and they wish to thank them for all that they have done. They are particularly grateful to Mr. J. Good and Mr. and Mrs. Lowe for all that they have done.

### Don't Employ or Harbor Draft Evaders.

Amendment has been made to the military service regulations by order-in-council. They now provide that any person who knowingly employs, harbors or conceals, or in any way assists a deserter or a man absent without leave from the C. E. F. is liable to imprisonment not exceeding six months or a fine of not less than \$100 or not more than \$500.

Canadian Casualties since Aug. 1 number 10,482.

A fatal accident occurred at Chippewa Lake, near Medicine Hat when R. Mateen was engaged with his two sons in lifting the cribbing out of a well with a windlass when the handle of the crank broke and the crank flying around struck him on the head, rendering him unconscious. Later he died.
